

Pension Fund Announces New Pensioner Dental Plan through Delta Dental

The Pension Fund of the Christian Church is pleased to announce a new partnership with Delta Dental that will allow our pensioners to purchase dental insurance with an effective date of May 1st, 2009. “We have been looking for a dental program to offer to our pensioners for quite a while”, said Michael Porter, Director of Health Services. “We are excited to be able to offer this program to our pensioners, which was developed initially to be offered to retirees in the auto industry.

This voluntary, self-paid coverage has benefits designed specifically for those at retirement age. Participants have the flexibility to select one of two plans that best suits their needs. Plans include a nationwide PPO network that reduces out-of-pocket costs for enrollees, plus the freedom to visit any licensed dentist.

Retired clergy, lay employees and beneficiaries will be receiving information from Delta Dental on the plan details and how to enroll in the very near future.
