PENSION FUND BOARD APPROVES INTEREST RATE INCREASE FOR TAX DEFERRED AND BENEFIT ACCUMULATION ACCOUNT HOLDERS

(Indianapolis, Indiana, 06/20/2011) At its June 16-17, 2011 meeting, the Board of Directors of the Pension Fund of the Christian Church approved an increase in interest rates for TDRA (Tax Deferred Retirement Account) and BAA (Benefit Accumulation Account) account holders.

Effective July 1, 2011, Benefit Accumulation Accounts will receive an increased rate of return from 3.0% to 3.25% during the third quarter of 2011. Likewise, Tax Deferred Retirement Accounts will receive an increased rate of return from 3.50% to 3.75% during the third and fourth quarters of 2011.

The new rates are higher than the current rates that have been in effect since January 1, 2011. The Pension Fund Board has previously stated that they will review these rates again in November 2011. These new rates will be reflected in statements to be mailed in October 2011.
